Phone: +91 98XXXXXXX

LinkedIn: linkedin.com/in/arjun-mehta

GitHub: github.com/arjunm-dev

Professional Summary:

Front-End Developer with 2.5 years of experience building responsive web applications using modern JavaScript, HTML/CSS, and React. Skilled in translating UI/UX designs into functional interfaces, improving page performance, and collaborating in agile teams. Seeking a role to enhance user experience and contribute to scalable front-end architecture.

Technical Skills:

Front-End:

- HTML5, CSS3, JavaScript (ES6+)

- React.js (Hooks), basic Redux

- Responsive design, Flexbox, CSS Grid

- REST API integration

- Git, GitHub, Jira

- Basic unit testing (Jest)

Tools:

- Webpack (basic), NPM, Babel

- Figma (UI handoff), Postman

Partial Exposure (Not deep expertise):

- Vue.js (beginner)

- Accessibility fundamentals

- CI/CD exposure (GitHub Actions)

Professional Experience:

Front-End Developer – WebSky Digital (Jan 2022 – Present | Bangalore)

- Developed and maintained responsive web interfaces using React, HTML, and CSS.

- Implemented reusable UI components using React Hooks and basic Redux integrations.

- Collaborated with UX designers to convert Figma wireframes into production-ready layouts.

- Integrated REST APIs and optimized front-end data flows.

- Improved site performance by 20% by optimizing images, reducing bundle size, and implementing lazy loading.

- Participated in sprint planning, code reviews, and version control using Git.

- Wrote basic Jest unit tests for core components.

Front-End Intern – PixelWorks Studio (Aug 2021 – Dec 2021 | Remote)

- Assisted in developing landing pages and marketing sites using HTML, CSS, and vanilla JS.

- Enhanced responsiveness and cross-browser compatibility.

- Worked closely with designers for layout refinements and pixel-perfect adjustments.

Education:

B.Tech in Computer Science, VTU, Karnataka — 2021

Projects:

Personal Dashboard (React)

- Built a modular dashboard using React Hooks and reusable components.

- Integrated open APIs for weather and analytics widgets.

Portfolio Website

- Designed and developed a responsive personal portfolio using HTML, CSS, and JavaScript.

Certifications:

- JavaScript ES6 – Udemy

- Responsive Web Design – freeCodeCamp
