Professional Summary:

Front-End Developer with 3 years of experience building responsive, scalable web interfaces using HTML5, CSS3, JavaScript (ES6+), React.js, and Vue.js. Strong collaboration with UI/UX teams, expertise in performance optimization, accessibility, cross-browser compatibility, and front-end architecture. Proven ability to integrate RESTful APIs, maintain code quality through testing frameworks, and contribute to documentation and agile processes.

Technical Skills:

- JavaScript (ES6+), HTML5, CSS3, Responsive Design

- React.js, Vue.js

- Redux, Vuex

- Webpack, Vite, Babel

- REST APIs, JSON, async/await

- Git, GitHub, CI/CD pipelines

- Jest, Mocha, Jasmine (unit testing)

- Web Accessibility (WCAG), SEO, Performance Optimization

- TypeScript, Next.js, Nuxt.js

- Material UI, Chakra UI

- GraphQL, Micro Frontends

- Docker (basic), Cloud fundamentals

Professional Experience:

Front-End Developer — WebSky Digital (Jan 2022 – Present | Bangalore)

• Developed responsive, scalable interfaces using React.js & Vue.js.

- Translated wireframes into pixel-perfect, production-ready UIs.

- Integrated REST APIs and optimized asynchronous operations.

- Improved performance by 35% through bundling improvements, lazy loading, and code splitting.

- Ensured accessibility compliance and cross-browser compatibility.

- Implemented Jest, Mocha, and Jasmine unit testing.

- Participated in agile ceremonies, code reviews, and documentation.

- Contributed to front-end architecture decisions.

Front-End Intern — PixelWorks Studio (Aug 2021 – Dec 2021 | Remote)

- Built landing pages and web components using HTML, CSS, and JavaScript.

- Ensured responsive layouts and cross-browser compatibility.

- Improved SEO via semantic HTML and structure enhancements.

- Supported senior developers with debugging, testing, and UI fixes.

Education:

B.Tech in Computer Science – VTU, Karnataka (2021)

Projects:

Next.js Portfolio Website

- Implemented SSR, dynamic routing, and API integrations.

Modular Dashboard (React + GraphQL)

- Built reusable widgets with Redux Toolkit and GraphQL queries.

Design System Component Library

- Built custom Material UI components with theme configurations.

Certifications:

- Modern JavaScript (ES6+) – Udemy

- React Front-End Development – Meta

- Web Accessibility – W3C
